13 CSR 35-71.010 Definitions and Principles Generally Applicable to this Chapter

PURPOSE: This rule clarifies the terms used in the licensing rules for residential treatment agencies for children and youth.

(1) The following principles shall apply to all decisions made pursuant to this chapter:

(A) The safety and welfare of children is paramount;

(B) All providers of direct services to children and their families will be evaluated in a uniform, transparent, objective, and consistent basis;

(C) Services to children and their families which are provided by the division and licensed residential care facilities shall be provided in a timely manner to maximize the opportunity for successful outcomes, and such services shall be tracked and routinely evaluated through a quality assurance program;

(D) Any provider of direct services to children and families shall have the appropriate and relevant training, education, and expertise to provide the highest quality of services possible which shall be consistent with federal and state standards;

(E) Resources and efforts of the division and licensed residential care facilities shall be committed to pursue the best possible opportunity for a successful outcome for each child. In the case of children and youth who are in the foster care system, successful outcomes may include preparing youth for a productive and successful life as an adult outside the foster care system, such as independent living. For those providers that work with children requiring intensive twenty-four- (24-) hour treatment services, successful outcomes shall be based on the least restrictive alternative possible based on the child’s needs as well as the quality of care received; and

(F) All licensed service providers shall prioritize methods of reducing or eliminating a child’s need for residential treatment through community-based services and supports.

(2) For the purpose of all regulations in 13 CSR Chapter 71, unless otherwise specified or unless the context clearly requires otherwise, the definitions of terms specified in sections 210.110, 210.481, 210.1253, RSMo, and 13 CSR 35-71.015 shall apply to all of the regulations in this chapter. The singular includes the plural and plural includes the singular. In addition, the following terms are defined as follows:

(A) “Agency” in the context of regulations governing licensed residential care facilities shall mean the same as licensed residential care facility or LRCF;

(D) A “critical incident” is an incident involving a child in the care of the agency, in which the child or another person directly involved with the child is placed at significant risk of death, serious physical, mental, or sexual harm. A critical incident may involve conduct of the child, other children, and/or acts or omissions of staff of the agency. Examples of critical incidents include, but are not limited to: injury of a child during physical restraint; serious physical or sexual

aggression by or toward the child; significant physical injuries requiring medical attention; allegations of sexual abuse; criminal conduct involving the child; elopement; attempted suicide; fire setting; child death; and information which must be reported to the child abuse and neglect hotline pursuant to 210.115, RSMo. Intensive residential treatment for children and youth may be achieved through a combination of staffing patterns, architectural design of the operating site, electronic monitoring of the operating site and its exits, or other means necessary to assure safety;

(K) “Mechanical restraints” are any device, instrument, or physical object used to confine or limit a child’s freedom of movement, except when necessary for orthopedic, surgical, and other medical purposes, or when necessary, to transport a child that may abscond or cause injury during transportation. Support devices used in normal situations to achieve proper body position and balance are not mechanical restraints;

(L) “Medical examination” is a thorough physical examination conducted by a licensed physician, certified nurse practitioner, advanced practice nurse in a collaborative practice agreement with a licensed physician, or a registered nurse who is under the supervision of a licensed physician. It may include a variety of tests, depending on the age, sex, and health of the person being examined, that includes tests for communicable diseases including, but not limited to, tuberculosis and hepatitis, when recommended by a licensed physician. (Q) “Transitional living services” are services provided to older adolescents that combine life skills training with opportunities to practice same. The goal of such services is to prepare the youth for successful adult living in the community upon their discharge from residential treatment for children and youth;

(R) “Variance” is a minor, time limited, deviation from a rule that may be requested by a licensed residential treatment for children and youth agency on a form prescribed by the division and approved or denied by the division. 6. The hearings held under this section shall be informal, but they shall be held on the record and testimony will be adduced under oath. The rules of evidence do not apply. The applicant may be represented by an attorney.

7. Upon written request the division will provide the applicant with a copy of the fingerprint-based state and FBI background check.

8. The hearing shall not be an opportunity to collaterally attack or re-litigate the validity of the underlying plea of guilt,

plea of *nolo contendere*, or the underlying finding of child abuse, neglect, or maltreatment by the applicable state or local agency, or the accuracy of information in the federal, state, or local registry or repository.

9. The hearing shall be based upon the written submissions of the parties unless the applicant or the division request a hearing by video or teleconference. The hearing officer may hold an in-person hearing only upon a showing that an in-person hearing is necessary to accommodate a special need of an applicant or the division.

10. The hearing officer shall issue a decision in writing, which will be sent by first-class mail (or by email at the election of the applicant) to the applicant at the applicant’s address of record. (B) The division shall provide written notice of denial or revocation of licensure to the agency, which shall include the reason(s) for the denial or revocation. Upon receipt of the notice of denial or revocation, the agency shall cease operation within ten (10) business days unless stayed by an appropriate administrative or judicial order, or a request for an administrative hearing is made before the expiration of the ten (10) business days from the date of the notice.

(C) The agency may appeal the decision of the division to deny or revoke the license by filing a request for appeal with the division within ten (10) days after receipt of the notice of denial or revocation.

(D) Any person aggrieved by a decision of the division to deny or revoke a license shall be entitled to a hearing on administrative review under section (5) of this rule.

(E) An agency may not reapply for licensure within one (1) year from the date of denial or revocation.

(2) License Suspension.

(A) The division shall have the authority to suspend the license of an agency when –

1. The division determines that the suspension of the license is necessary to protect the health, safety, and welfare of children who are or may be placed at the operating site; and

2. The division determines that noncompliance with one (1) or more of the criteria set out in sections 210.496 and 210.1250–210.1286, RSMo, and/or subsection (1)(A) of this rule may exist; and

3. The division has reasonable cause to believe that the agency will be able to develop and effectively implement a corrective action plan to resolve the concerns which gave rise to the suspension of the license.

(B) The agency shall cease operations within ten (10) business

days of the date the division issues an order suspending the license of the agency unless –

1. The agency files a written request for administrative review within ten (10) business days of the date of the order; or
2. The order is stayed by an appropriate administrative or judicial order.

(C) The order for suspension of the license shall be in writing. The order shall include:

1. The factual and legal basis for the order; and
2. Notification of the right of the agency to administrative review. The division may extend the order if there has been no substantial change in the circumstances since the entry of the original order or if there are new grounds for extension of the order.

(D) The division may reinstate a suspended license on its own motion or upon written application by the agency. The division may reinstate that license if the division determines that –

1. The agency has developed and successfully implemented a corrective action plan approved by the division to remedy the concerns which resulted in the license suspension; and
2. The agency meets all of the criteria for licensing; and
3. The division determines that suspension of the license is no longer necessary to protect the health, safety, and welfare of the children involved.

(3) Suspension of Intake.

(A) The division shall have the authority to suspend the authorization of the agency to admit additional children into placement during time periods proscribed by the division when the division determines that the agency is not in compliance with the requirements of sections 210.493, 210.496, and 210.1250–210.1286, RSMo, and/or subsection (1)(A) of this rule and –

1. The addition of additional children to the agency is not in the best interests of the children already placed within the agency or who may be placed with the agency; and
2. Allowing the placement of additional children with the agency may pose a risk to the health, safety, and welfare of children already placed with the agency or who may be placed with the agency.

(B) The order for suspension of intake shall be in writing. The order shall include –

1. The factual and legal basis for the order; and
2. Notification of the right of the agency to administrative review. The division may extend the order if there has been no substantial change in the circumstances since the entry of the original order or if there are new grounds for extension of the order. A suspension of intake shall proscribe the number of additional children which the agency is authorized to accept for placement, if any, but it shall not include a requirement that children currently placed with the agency shall be removed.

(C) If the division finds that suspension of intake prior to the opportunity for a hearing on administrative review is necessary to protect the health, safety, and welfare of children then the division has the option to make the order to suspend intake effective immediately upon delivery to the agency; otherwise the order shall be effective ten (10) business days from the date of the entry of the order unless –

1. The agency files a written request for administrative review within ten (10) business days of the date of the order; or
2. The order is stayed by an appropriate administrative or judicial order.

(D) If the division issues an order to immediately suspend intake the division shall schedule an informal meeting to review the decision with the agency as soon as practicable.

The meeting shall take place before the director or his/her designee. The division shall notify the agency of the date and time for the meeting. The meeting may be continued at the request of the agency, but the order shall remain in effect pending the meeting. The meeting shall be informal, the rules of evidence shall not apply, and both the agency and the division may submit any information relevant to the issues in the case. The purpose of the meeting will be –

1. For the division to determine whether there is probable cause to find that a suspension of intake is necessary to protect the best interests of the children placed with the agency or who may be placed with the agency pending a fair hearing on administrative review pursuant to section (4), below; and

2. To afford the agency an opportunity to informally provide information relevant to the division's decision and to request relief from the entry of the order.

(E) If the division finds after the meeting that there is probable cause to continue the suspension of intake pending hearing on administrative review the division shall expedite the hearing on administrative review; otherwise the suspension of intake shall be stayed pending hearing on administrative review.

(F) The division may rescind the order suspending intake on its own motion or upon written application by the agency. The division may reinstate the intake if the division determines that –

1. The agency has developed and successfully implemented a corrective action plan approved by the division to remedy the concerns which resulted in the suspension of intake; and

2. The agency meets all of the criteria for licensing; and

3. The division determines that the suspension of intake is no longer necessary to protect the health, safety, and welfare of the children.

(4) Emergency Order Against an Existing License.

(A) The division may issue an order immediately suspending a license prior to a hearing on administrative review when the division finds that there is probable cause to believe that –

1. There is an imminent risk of immediate and significant harm to the health, safety, or welfare of children who are placed or who may be placed with the agency; and

2. The risk is such that the health, safety, or welfare of the children may be at risk if the division's emergency action does not become effective before the agency is afforded an opportunity for a hearing.

(B) The division's findings under this section must be made in writing and set out in the order. The order shall notify the agency of its right to request administrative review and of its right to an informal meeting.

(C) If the division issues an emergency order against a license under this section the division shall schedule an informal meeting to review the decision with the agency as soon as practicable. The meeting shall take place before the director or his/her designee. The division shall notify the agency of the date and time for the meeting. The meeting may be continued at the request of the agency, but the order shall remain in effect pending the meeting. The meeting shall be informal, the rules of evidence shall not apply, and both the agency and the division may submit any information relevant to the issues in the case. The purpose of the meeting will be –

1. For the division to determine whether there is probable cause to find that an emergency exists which requires continuation of the division's action pending a hearing on administrative review pursuant to section (5) below; and

2. To afford the agency an opportunity to informally provide information relevant to the division's decision and to

request relief from the entry of the order.

(D) If the division finds after the meeting that there is probable cause for the emergency action and continues the suspension in effect the division shall refer the matter for a hearing on administrative review; otherwise the suspension of the license shall be stayed pending hearing on administrative review.

(5) Hearing on Administrative Review.

(A) The agency which is aggrieved by the decision of the division, (including, but not limited to, a decision to deny a variance, to suspend intake, suspend a license, deny a license application, or revoke an existing license) shall have the right to a hearing on administrative review of the division’s decision.

(B) The division shall provide written notice to the agency of its adverse action against the license of an agency. The notice shall –

1. Inform the agency of the nature of the decision;
2. State the factual and legal basis for the division’s action;
3. State the effective date of the action, if applicable; and
4. Notify the agency of its right to seek administrative review.

(C) To request a hearing the agency shall submit a written request for administrative review within ten (10) business days of the decision of the division. The request for administrative review shall set forth the basis of the agency’s objection to the division’s decision.

(D) Unless otherwise provided in this rule, the division’s action shall be stayed pending the entry of an order after hearing on administrative review if the agency request administrative review of the division’s decision within ten (10) business days of the date of the notice of the division’s action.

(E) If the agency requests a hearing the division shall hold an administrative hearing. The hearing shall be held by the director or the director’s designee.

13 CSR 35-71.095 Exceptions for Transitional Living Services Programs

PURPOSE: The purpose of this rule is to set forth exceptions to the rules for residential treatment agencies with respect to transitional living services provided to the division through written agreement. Youth who receive such services require more independent types of living arrangements than those otherwise provided by residential treatment agencies in order to make the transition from alternative care to self-sufficiency.

(1) This regulation only applies to agencies providing transitional living services to the division pursuant to a written transitional living services contract.

(2) Staffing Ratios. Notwithstanding any other provisions in this chapter, agencies shall not be required to have two (2)

on-site staff available at all times in the provision of transitional living services, provided that such agencies adhere to the staff ratios set forth in this chapter. In the event there is only one (1) on-site staff member, however, one (1) additional staff member must be on call who can promptly respond to emergencies.

(3) Treatment Plan. Notwithstanding any other provisions in this chapter, agencies shall have thirty (30) days to develop and document a written treatment plan for each child admitted to their transitional living program.

(4) Recreational and Activity Programs/Leisure Time. Agencies shall be exempt from the requirements set forth in 13 CSR 35-71.070(2)(I) but shall facilitate any recreational activities prescribed in a youth’s individual treatment plan.

(5) Allowances and Earnings Records. Notwithstanding any other provisions in this chapter, agencies shall not be required to provide an allowance to youth receiving transitional living services or to maintain a record of such youths’ earnings or disbursements.

(6) Hazardous Materials. Notwithstanding any other provisions in this chapter, hazardous materials that are needed to implement a youth’s treatment plan are not required to be locked up and kept inaccessible to the youth. Examples of such hazardous materials include but are not limited to personal care items, laundry soap, other cleaning products, and over-the-counter medications. The lawful, authorized use of such materials by a child in a transitional living services program shall not require the agency’s approval if permitted by the child’s treatment plan.

9. Background check completion/eligibility. The director of the LERCF, or his or her authorized designee, shall certify, under oath subject to the penalties of perjury that all individuals who are required to complete a background check have successfully completed the background check and have been found eligible for employment or presence at the LERCF pursuant to section 210.493, RSMo, and 13 CSR 35-71.015.

A. Phase-in period for LERCFs in operation as of July 14, 2021. (B) The division may further condition an extension of time upon the LERCF submitting a time-limited corrective action plan to complete the notification requirements that is mutually satisfactory to the LERCF and the division.
