

Rulemaking 1-2-3 Update

October 2014

Please print out the update download and then three-hole-punch your update pages. Please replace all pages in your current manual with the new update. If you have an old manual binder with tabs, please leave the tabs in place. (Rulemaking manual binders are no longer available from the Administrative Rules Division.) As material has changed in some sections there will be more or less pages than the previous update.
