Missouri Voting and Elections

Missouri Voting and Elections

Who registers to vote in Missouri?

Citizens living in Missouri must register in order to vote. Any U.S. citizen 17 years and 6 months of age or older, if a Missouri resident, may register and vote except:

- A person who is adjudged incapacitated.
- A person who is confined under sentence of imprisonment.
- A person who is on probation or parole after conviction of a felony until finally discharged.
- A person who has been convicted of a felony or misdemeanor connected with the right of suffrage. (115.133, RSMo)

How do Missourians register?

Qualified citizens may register at sos.mo.gov/elections/govotemissouri/register, in person at the office of their local election authority, by mail, at the driver's license fee office or at participating state agencies. Registration in person is accomplished by filling out registration forms with information on identity, residence and qualifications which are signed and sworn to, then witnessed by the election authority or a designee. (115.155, RSMo)

Registration by mail, at the driver's license fee office or at the participating state agencies requires submission of an application stating qualifications. A verification or rejection of registration is sent by the election authority within seven working days. (115.155 and 115.159, RSMo)

When do Missourians register?

An unregistered citizen may register to vote at sos.mo.gov/elections/govotemissouri/register, at the local election officials' place of business, by requesting an application by mail from the election authority, when renewing a Missouri driver's license or when receiving services from a participating state agency. Special registration sites and dates may be utilized prior to major elections.

The deadline for registration is the fourth Wednesday prior to an election. New Missouri residents may register immediately. (115.135, RSMo).

When do Missourians vote?

The statutes require that all public elections be held on the general election day, the primary election day, the general municipal election day, the first Tuesday after the first Monday in November, or on another day expressly provided by city or county charter and in nonprimary years on the first Tuesday after the first Monday in August. (115.123.1, RSMo)

The general election day is the first Tuesday after the first Monday in November in even-numbered years. The primary election day is the first Tuesday after the first Monday in even-numbered years. (115.121 (1 & 2), RSMo)

Elections for cities, towns, villages, school boards and special district officers are held the first Tuesday after first Monday in April each year, known as the "general municipal election day." (115.121.3, RSMo)

A statewide presidential preference primary shall be held on the second Tuesday after the first Monday in March of each presidential election year. (115.755, RSMo)

Additional elections such as special elections or run off elections could also be held for voters.

Who conducts registration and elections?

Voter registration and the conduct of elections are the responsibilities of boards of election commissioners in the counties of Clay, Jackson, Platte and St. Louis; and in the cities of Kansas City and St. Louis; and of the election authority in St. Charles County. The county clerk serves as the election authority in all other counties of the state.

Special voting provisions

Disabled voters and persons prevented from voting at the polls because of absence or illness may vote absentee. Persons with permanent disabilities may apply for permanent absentee ballot status by making application with the local election authority. (115.284, RSMo) Curbside voting is permitted in Missouri, or voters may be transferred to more accessible precincts. Local election officials should be contacted about absentee federal service balloting or "new resident" ballots for residents who arrive after the registration deadline.

What forms of identification are acceptable?

Show your valid Missouri Driver License, Missouri Nondriver License, Passport or Military ID.

Show one of the following: Missouri Voter Registration Card, ID issued by Missouri, ID issued by the US Government, ID issued by a Missouri university, college, vocational or technical school, utility bill, bank statement or government check.

If you do not possess any of these forms of identification, but are a registered voter, you may cast a provisional ballot.

More information about the voter ID requirement is available online at www.ShowIt2Vote.com. If you do not have an approved form of identification from above, the Secretary of State's Office will help you obtain the documents needed for a free photo ID (Missouri Nondriver License). Any questions may be directed to 866-868-3245. (115.427, RSMo)

Elections and political parties

Missourians do not register under party affiliation. Hence, at primary elections, voters may choose which “established party” they vote within. Party nominees—and independent candidates—are then listed on the general election ballot.

There are presently four “established political parties” statewide—the Republican, Democratic, Libertarian and Constitution parties. Persons may seek the nomination of these parties for any

elective office from the county level and above. In order to become “established,” a party must have received more than two percent of the votes cast statewide for at least one of its candidates. New parties are formed by petition and may exist on the county, district or state level. They must meet the same standard as any other party to remain “established.”

At the time of primary elections, voters select county committee members of established parties in Missouri. Those committee people, thus elected, have certain duties and responsibilities. They serve, as appropriate, as members of legislative, senatorial, judicial and congressional district committees. County, district or state committee members may be called on to fill candidate vacancies on party ballots or to select nominees for special elections from time to time. The state committees are selected, indirectly, by local committee persons. The state committees become especially important when delegates to presidential nominating (national) conventions are being selected.

Constitutional Amendment No. 1

[Proposed by the 100th General Assembly (First Regular Session) SS SCS SJR 14 & 9]

Do you want to amend the Missouri Constitution to extend the two term restriction that currently applies to the Governor and Treasurer to the Lt. Governor, Secretary of State, Auditor and the Attorney General?

State and local governmental entities estimate no costs or savings from this proposal.

Submitting to the qualified voters of Missouri, an amendment to article VII of the Constitution of Missouri, by adding thereto one new section relating to the limitation of terms served by certain elected officers.

Constitutional Amendment No. 3

[Proposed by the 100th General Assembly (Second Regular Session) SS 3 SJR 38]

Shall the Missouri Constitution be amended to:

- Ban gifts from paid lobbyists to legislators and their employees;
- Reduce legislative campaign contribution limits;
- Change the redistricting process voters approved in 2018 by: (i) transferring responsibility for drawing state legislative districts from the Nonpartisan State Demographer to Governor-appointed bipartisan commissions; (ii) modifying and reordering the redistricting criteria.

State governmental entities expect no cost or savings. Individual local governmental entities expect significant decreased revenues of a total unknown amount.

Submitting to the qualified voters of Missouri, an amendment repealing sections 2, 3, and 7 of article III of the Constitution of Missouri, and adopting three new sections in lieu thereof relating to regulating the legislature to limit the influence of partisan or other special interests.

Constitutional Amendment No. 2

[Proposed by Initiative Petition]

Do you want to amend the Missouri Constitution to:

- adopt Medicaid Expansion for persons 19 to 64 years old with an income level at or below 133% of the federal poverty level, as set forth in the Affordable Care Act;
- prohibit placing greater or additional burdens on eligibility or enrollment standards, methodologies or practices on persons covered under Medicaid Expansion than on any other population eligible for Medicaid; and
- require state agencies to take all actions necessary to maximize federal financial participation in funding medical assistance under Medicaid Expansion?

State government entities are estimated to have one-time costs of approximately \$6.4 million and an unknown annual net fiscal impact by 2026 ranging from increased costs of at least \$200 million to savings of \$1 billion. Local governments expect costs to decrease by an unknown amount.
